#### **GENERAL FUND REVENUE HISTORY**

### SALES TAX

The City receives a 1% sales tax (collected by the State Comptroller of Public Accounts). Sales tax is the General Fund's largest revenue source. A decline in sales tax revenue would have a substantial impact on the General Fund. The City has no direct means of increasing sales tax revenue.

### PROPERTY TAX

The City has a very low property tax rate. This is the only significant revenue source that the city can increase. The Maintenance and Operations tax rate will increase by \$0.014693 per \$100 valuation.

### **RIGHT OF WAY FEES**

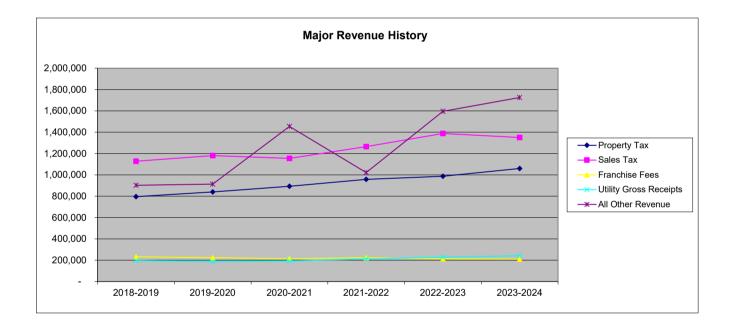

The City receives a use fee from utility providers operating within the City's rights-of-way. Right of way fees are regulated by state and federal law therefore the City has no means of increasing right of way fee revenues.

### **UTILITY GROSS RECEIPTS**

The General Fund receives a use fee from the City owned and operated utilities. Revenues generated by utility gross receipts are expenses to the Utility Fund which are passed through to City utility customers. These receipts are treated as transfers.

### **ALL OTHER REVENUES**

Other General Fund revenues include permit and license fees, grants, and reimbursements.

#### **UTILITY FUND**

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of these funds is to separate costs of providing goods or services to the general public on a continuing basis. Such funds are to be financed or recovered primarily through user charges. Separation is necessary in order to provide a periodic determination of net income for accountability purposes and to determine appropriate user rate schedules. This fund includes all revenues and expenses for the operation of water, sewer, garbage, and domestic gas utilities.

### **UTILITY CAPITAL PROJECTS FUND**

The Utility Capital Projects Fund is used to account for the acquisition and construction of major capital projects and facilities, other than those project and facilities financed by proprietary funds and trust funds. These funds are presented as project-based budgets, rather than fiscal year budgets, since some projects may exceed one fiscal year.
